

Downloading Adobe Creative Cloud

Step 1: Go to <https://www.adobe.com>, and click **Sign In**

Step 2: Type in your **affiliated email** (usually netid@email.arizona.edu), press enter or click Continue, then you should be taken to a NetID login page, succeeded by a NetID+ login page (so have your phone or other NetID+ method handy).

Step 3: Once you've finished with the NetID login page, you should see a page with similar to this. Click **Open** underneath Creative Cloud.

Step 4: Finally, click **Install Creative Cloud App**.
